Research Interests

• Algorithms

o Database Systems

o Distributed Computing

Education

Amirkabir University of Technology (Tehran Polytechnique)

Sep 2020 - Present

BS in Computer Science GPA: 18.71 / 20

Experience

Snapp Software Engineer Jan 2023 - Mar 2024 Dec 2024 - Present

Snapp is the leading company in providing online taxi services with over 30 million users in Iran. As part of the Routing team, we were responsible for providing estimated time of arrival (ETA) and navigation services.

- Added a post-processing procedure to the map matching algorithm, which significantly improved coverage.
- Integrated traffic speeds into routing algorithms, enabling time-dependent routing.
- Redesigned ETA benchmarking service leveraging concurrency, which increased throughput by x10.

Honors & Awards

Ranked among \mathbf{top} 3 students between 70 students who began their studies in Sep. 2020 at Amirkabir University of Technology, Dept. of Comp. Sci. and consequently recognized as an $\mathbf{outstanding}$ student.

Feb 2022

Eligible to choose a **second major** due to outstanding performance.

Feb 2021

Ranked among the **top 2%** between all applicants in the University Entrance Nationwide Exam known as Konkur (approximately 150,000 applicants).

Sep~2020

Selected for study in schools of National Organization for the Development of Exceptional Talents

Sep 2013

Technical Reports

Bounds for Pancake Problem report for graduate course in bioinformatic Introduced sorting by subset prefix reversal problem and its theoretical bounds link

Fuzzy Linear Algebra report for numerical linear algebra course in Farsi

link

Used Sympy to solve fuzzy linear systems with Gaussian and Jacobian iterative methods

Teaching Experience

Computational Geometry, Dr. Rahmati
Numerical Linear Algebra, Dr. Dehghan
Algorithm Design & Analysis, Dr. Seyed javadi

Fall 2024 Fall 2024

Fall 2022

Test Scores

o **TOEFL iBT** 111/120 (reading 28/30, listening 28/30, speaking 27/30, writing 28/30)
